Order Entry. Two forms of Order Entry. Standard Order Entry is designed for single line entry of items with a single size and color. Matrix Order Entry is designed with a matrix grid for rapid entry of items with multiple sizes and colors.

ERP User Homepage. Users have the ability to create an homepage in the ERP with application shortcuts, favorite contacts and activity dashboards.

Forecast Manager. The screen will display the historical data at the style level in a single warehouse location, for a current year and previous years, with drill downs to color and size.
