## Technical Corner

### Anti-virus Software - Protect your Data!

Please ensure that your anti-virus software is up-to-date and ready to defend your environment. The FBI recently released a statement that the incidents of Ransomware are on the rise. See full article <https://www.fbi.gov/news/stories/2016/april/incidents-of-ransomware-on-the-rise>. If you need assistance, please contact your Customer Support Team to help protect your operation today.

### WAM - User Focus Group

With the successful launch of the new WAM product, FDM4 will launch the 2nd UFG (User Focus Group) this quarter to focus on enhancing the already strong WAM product. If you are interested in participating, please contact [carl@fdm4.com](mailto:carl@fdm4.com)

## v15 Update

### v15 Major Release in June!

The highly anticipated release of the v15 FDM4 Enterprise Solutions Suite is on track for June!
