Advanced Filter Options for v15 Dashboards

Along with the Actionable Intelligence initiative of the PAG, FDM4 is adding an enhanced layer of filtering to the integrated Dashboards. These filters will provide the framework and structure for dynamic graphical reporting options to monitor your operational KPIs.

FDM4 Resource Center

With the successful launch of v15, FDM4 is now focused on increasing the ease-of-use and quick access to System Documentation, Reference Materials, How To Guides and other solution related documentation. With a roll-out strategy designed to provide on-going value to the user experience - we are excited to introduce the finger-tip access to information as you need it design of the FDM4 Resource Center. Employee Spotlight

This month's Employee Spotlight is on **Katherine "Kat" Panotes**

Working out of our Las Vegas operation, Kat recently helped coordinate the successful launch of the ThreadFellows website. This was an extremely demanding implementation that involved many long hours, weekends and conference calls that affected the entire team. Thank you Kat and team for sticking with it and delivering another customer success!

Press Room

Bay Island Sportswear Welcome Aboard!

Best known for style, quality and comfort merchandise, Bay Island Sportswear is a fully vertical manufacturer of both tubular and open width fabrications. With 4 production facilities, and distribution centers from South Carolina to California, with Decoration operations. Bay Island will be utilizing the entire v15 FDM4 Enterprise Product Suite - WAM for eCommerce, ERP backend, WMS fulfillment and our full Decorations module.

FDM4 Stands up New Development Team

Poised for explosive growth, FDM4 stands up a new remote development team in Atlanta, to address client demands and future product expansion, with snap on modules and enhancements.

New Director of Development and QA

FDM4 recently promoted Bryan Moore to Director of Development and Quality Assurance. In this new role, Bryan will provide product development oversight and consistency to the delivery of our Enterprise Solution Suite. This is the first in a series of structural adjustments as FDM4 prepares for our new era of Product Development, Delivery, and Customer Satisfaction.

FDM4 Billing Process

In the near future FDM4 will be announcing a new work flow and billing process.
