**Order Entry.** Two forms of Order Entry. Standard Order Entry is designed for single line entry of items with a single size and color. Matrix Order Entry is designed with a matrix grid for rapid entry of items with multiple sizes and colors.

**ERP User Homepage.** Users have the ability to create an homepage in the ERP with application shortcuts, favorite contacts and activity dashboards.

**Forecast Manager.** The screen will display the historical data at the style level in a single warehouse location, for a current year and previous years, with drill downs to color and size.
