WAREHOUSE MANAGEMENT SOFTWARE

MAKING EVERY STEP COUNT

WMS manages the entire supply chain, from procurement to shipping, regardless of inventory type or distribution model. With comprehensive productivity reporting and detailed transaction auditing at every stage, it ensures optimal utilization of all your resources—people, inventory, equipment, and space.

Mapping Manager. Intelligent build of pallet's to increase efficiency in receiving and put away.

Enhanced Customer Service. Uninterrupted visibility of inventory and order status.

Powerful Flexibility Out Of The Box. With manager-configurable business rules to enforce organizational policies and industry best practices.

Achieve 99% Inventory Accuracy. With real time tracking via RF scanning and intelligent automation for cycle counts.

Rapid, Accurate Order Fulfillment. Whether you prefer paper-based, RF unit, or automated voice system, you choose the picking assignment.

Maximize Your Warehouse Space. Using the bin hit report, inventory is segregated according to ABC analysis and other user-defined rules – improving productivity and decreasing inventory holding costs.

Faster Stock Turnover. Create a just-in-time environment – with both triggered and on-demand replenishment, ASNs, planned and unplanned receiving, cross-docking, and directed and non-directed put-away.

FDM₄

ADVANCED WAREHOUSE ROBOTICS AUTOMATION

FDM4 WMS has stepped into the future by integrating our warehouse software with world class autonomous, mobile robots in not only the B2C Retail e-commerce environments but also in the more complex B2B Business warehouse workflow.

As e-commerce grows worldwide, the demand for advanced warehouse robotics has increased, mainly to improve speed, accuracy, and efficiency in managing the large volume of e-commerce orders. Advanced warehouse automation reduces manual labor and accelerates processes, from receiving to picking, shipping and more. FDM4's robot interface includes logic to enhance the robot software in providing the optimal picking sequence to reduce the robot travel time.

Zebra Autonomous Mobile Robots (AMRs) Zebra has the broadest range of AMRs to find, track and move just about anything.

REVOLUTIONARY ENTERPRISE TC8300 TOUCH COMPUTER

Revolutionary enterprise mobile computer designed to boost productivity and reduce user fatigue.

An innovative screen angle eliminates the thousands of times your workers need to tilt the device to verify the scan. The result? 55% reduction in wrist motion + 15% reduction in muscle effort.

- Advanced industrial barcode scanning from 3 in - 70 ft
- Supports ease of Android migration with All-Touch Terminal Emulation
- Zebra's most extreme drop rating Multiple 8 ft./2.4 m to concrete per MIL-STD 810G
- For less-than-ideal warehouse conditions, IP65 sealing ensures your TC8300 survives jetting water and is dust tight
- Corning® Gorilla® Glass display fortifies one of the most vulnerable device elements with best-in-class scratch and shatter resistant glass
- Most powerful hot-swappable battery in it's class, ample power for three shifts

THE NEXT BIG THING IN WAREHOUSE MOBILITY

MAKE THE MOVE TO THE MC9400 MOBILE COMPUTER SERIES

Handheld computers so smart, these multi-taskers speed up work.

And a familiar interface is one you'll immediately recognize and know how to use. But unlike consumer devices, they won't fail you. They're made for work—enterprise-rugged and ultra-secure.

The next evolution loaded with the latest mobile technologies.

With the new Qualcomm platform offering 2.5x more processing power and 50% more RAM than the MC9300.

- With the new SES8 Extended Range Scan Engine with Intellifocus™ technology, scan barcodes in hand and over 100 ft (30.5 m) away*
- New optional 7,000 mAh BLE-enabled battery to locate lost devices even when powered down or low in battery
- The latest in wireless connectivity with Wi-Fi 6E and 5G data-only cellular.
- Fully backward compatible with all MC9300 accessories without the need for adapters or replacements of any kind

SET A NEW STANDARD IN MOBILITY

A COMPETITIVE EDGE

TC27

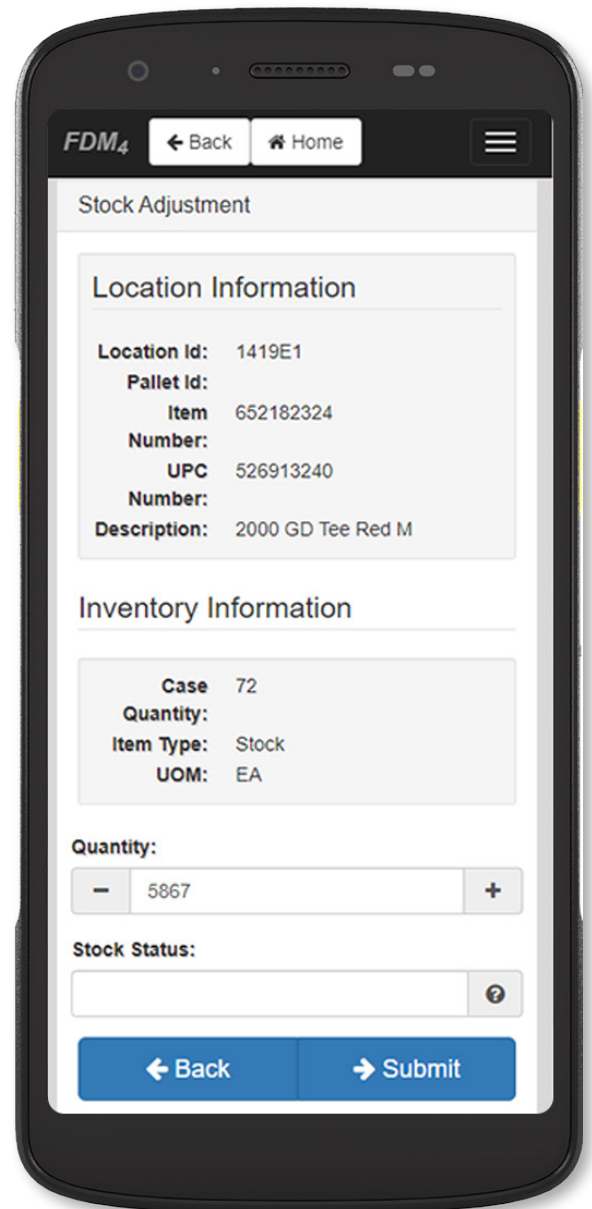

ENTERPRISE MOBILE DEVICE

Smartphone styling and pricing with big business features that boost productivity and customer service quality.

The ultimate cost-effective tool for small business—with big business features.

Introducing the TC22/TC27, the smarter alternative to using a consumer smartphone in your business. These enterprise devices deliver the best of all worlds—smartphone styling and pricing, with big business features that boost productivity and customer service quality. • Built to outlast consumer devices. Go ahead—drop it. The TC22/TC27 is IP68 dustproof and waterproof, drop-proof to 5 ft./1.5 m with the protective boot,— even on concrete

- Loaded with business-class scanning features. Integrated scan engine—choose from standard or advanced range, up to 40 ft./12 m
- Power every minute of every workday. Release latches for easy battery changes. Choose from a standard single shift battery or an extended multi-shift battery
- See more, scroll less. Bright 6-in. Full HD+ display with shatter and scratch-resistant Corning® Gorilla® Glass
- Designed for all-day comfort. Thin: 0.49 in./12.5 mm D with contoured sides and back for added comfort and better grip

BOOST PRODUCTIVITY IN ANY INDUSTRY

MODERN LOOK YOU WANT

ET40/ET45

RUGGED ENTERPRISE TABLETS

The ideal consumer tablet replacement: the ET40 and ET45 Rugged Enterprise Tablets. The modern look you want. A price you can afford. And all the features your workers need to do business right.

Rugged and ready for all day business. It's built to last for years, surviving drops, subzero temperatures and even hose downs.

Choose your screen size. 8 in or 10 in- See more. Do more. Scroll less. Rugged Gorilla Glass. Easy to see inside and outdoors.

The fastest wireless networks. 5G and Wi-Fi 6 - Enable workers to get more done with the fastest and most reliable wireless connections.

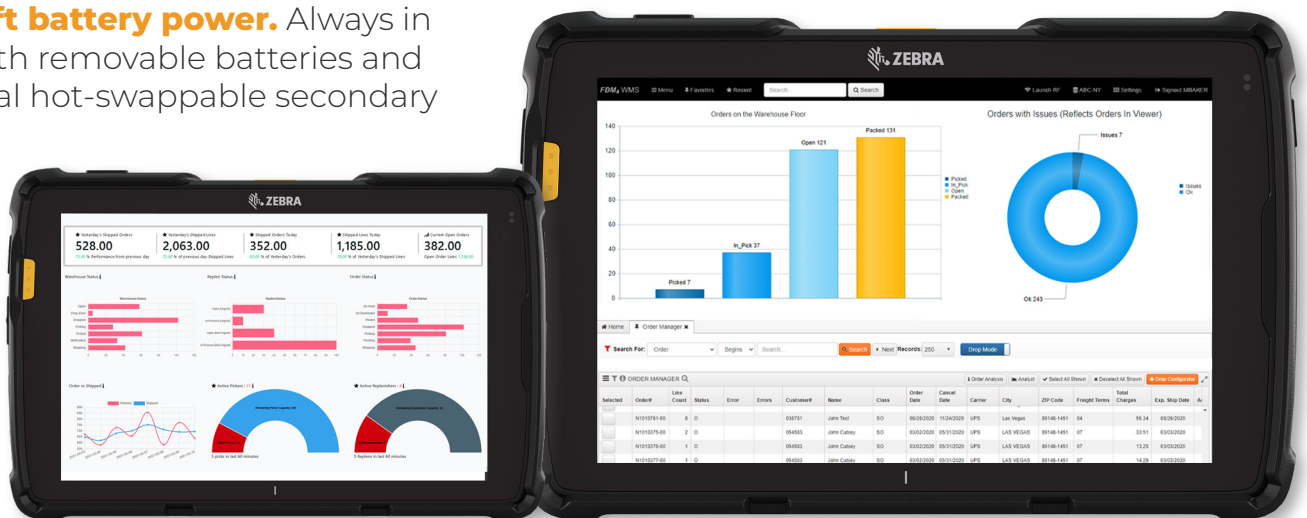

Multi-shift battery power. Always in service with removable batteries and an optional hot-swappable secondary battery.

World-class scanning. Any barcode, in any condition, all in a split second.

Photographic documentation of anything. 13 MP camera with controllable flash for proof of delivery, merchandising audits and more.

Turn it into a walkie-talkie or PBX handset. Add powerful proven ready-to-use voice solutions to get more value out of your tablets.

Built-in advantage with Zebra Mobility DNATM Professional. Powerful pre-installed no-cost tools make these tablets easier to secure, deploy, manage and troubleshoot

RUGGED TABLETS THAT HAVE IT ALL — RIGHT OUT OF THE BOX

WEARABLE COMPUTER

WS50

ALL-IN-ONE COMPUTER

Wearable Computers and Devices, the rush is on.

Free up your workers to handle more, and watch their accuracy and productivity skyrocket. Hands down, these are the best hands-free solutions.

Wearables have been hot for a while now, their popularity gleaned from the freedom they provide users and the productivity they deliver (which contributes to the bottom line).

World's smallest all-in-one Android enterprise class wearable mobile computer

First-of-its-kind, rugged, enterprise display improves productivity and task accuracy. Also available with a UHF reader for RFID needs.

- One-piece wearable; workers only need to wear one device to capture and access data, instead of a host mobile computer and ring scanner
- With different wearing styles: on the wrist, two fingers, or the back of the hand
- Android OS AOSP
- Advanced enterprise-class scanner for intense barcode scanning
- Integrated audio and Push-to-Talk hardware ready

UNPARALLELED FUNCTIONALITY AND FLEXIBILITY

INTELLIGENT CABINETS

MOBILE DEVICE STORAGE

Zebra Intelligent Cabinets offer an adaptable portfolio of end-to-end device storage solutions, software automation and security applications, as well as ongoing support.

Zebra Intelligent Cabinets, Racks, Cradle Locks, Customized Carts and Trolleys help ensure assets and workflows function in tandem at high performance and optimal security to accelerate business in warehouse.

Zebra Intelligent Cabinet Portfolio*

- Protect devices with authorized only security
- Reduction in device losses and damages
- Dashboard reporting and battery charge status
- Completely automate workflows with Zebra Access Management System (ZAMS)
- Five sizes to accommodate between 20 and 100 devices
- RF-friendly design and materials—devices won't lose Wi-Fi or cellular connection in the cabinet

THE PERFECT MOBILE DEVICE ACCESS SOLUTION FOR YOUR BUSINESS

RUGGED. ROBUST. RESILIENT.

ZT510

PRINT WITHOUT STOPPING

Print with reliability. Premium performance without the premium price tag

Your workflows don't stop. Neither does the ZT510. Accomplish more with this industrial printer that's built for fast, 24/7/365 performance to boost your operations—all at an exceptional value. An ideal balance between performance and value with essential features for heavy-duty printing.

- Print for years in harsh environments with durable, all-metal construction
- Fast processor for quick throughput of crisp text, barcodes and graphics
- Improve Performance Get print speeds up to 12 ips at 203 dpi, or opt for high resolution 300 dpi
- Media handling options including full rewind, peeler and a cutter
- Easy to integrate, use, update and manage—onsite or remotely
- Icon-based, multilingual graphical LCD user interface is intuitive to operate

KEEP UP WITH INCREASING DEMANDS

TOUGH AND RELIABLE

ZQ521

MOBILE PRINTER

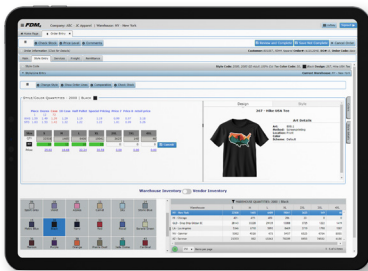

The industry's most rugged mobile printer

Zebra mobile printers increase employee productivity and accuracy by enabling portable printing of barcode labels, receipts and RFID tags at the point of application. Zebra offer's a handheld mobile printer at every price point for every industry, and accessories for a complete portable solution.

- High-duty-cycle receipt and medium-duty cycle label printing on-the-go
- Fast print speed with up to 5 ips
- Print it All: Receipts, RFID tags, Labels and Linerless
- 2-year standard warranty (ZQ511/ZQ521)
- Linerless version available
- 3- and 4-in print width
- Stay Connected Everywhere
- Maximize Uptime, Business Operations and Printer Visibility with Services
- Exceptional durability and reliability for the toughest environments
